## ‘A Calamity and A Triumph’ plus ‘Flying Boats’

by

*Lorimer Burn*

Lorimer Burn returns to Air ACES with two further brilliant presentations.

The first presentation ‘A Calamity and A Triumph’. This presentation looks in some detail at the disastrous crash of an Airbus A330 of Air France flight 447 into the Atlantic in June 2009. It then goes on in detail to examine the skilful avoidance of a disaster, with the landing of an Airbus A320 of US Airways flight 1549 on the Hudson River, New York, in January 2009.

The second presentation will be ‘Flying Boats’. With this Lorimer will look at the history & uses of Flying Boats, in particular, the Sunderland & the Catalina. He will highlight the exotic routes, such as England to Australia in the 1930’s, the first Mail flights and the crucial use of these aeroplanes in both World wars.
